

## ***Benefits of Partnering with Home Performance with ENERGY STAR®***

- Distinguish your company from the competition through the association with ENERGY STAR.
- Provide VALUE ADDED SERVICE. You'll show your customers that you really care about their safety and comfort, their home's durability and energy efficiency and be able to prove it.
- Receive a \$75.00 reward for every customer you refer to a Consultant affiliated with the Program.
- Receive pre-screened referrals of customers in need of your services.
- Have access to excellent on-going training opportunities through Focus on Energy and the Energy Center of Wisconsin.
- Have access to a statewide network of knowledgeable building science professionals to help figure out difficult housing related problems.
- Save time and money because of reduced callbacks.
- As a program Ally, receive up to \$3000 per year in cooperative advertising funding and the privilege of displaying the ENERGY STAR logo to promote your business.
- Receive 2 free evaluations (assessments or ratings) to learn the home performance and combustion safety testing procedures.
- On-site mentoring opportunities.
